

CONFLICT OF INTEREST POLICY

Article I
Purpose

The purpose of the conflict of interest policy is to protect PCOGS's interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the Organization or might result in a possible excess of benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

Article II
Definitions

Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

- b. A compensation arrangement with PCOGS or with any entity or individual with which the Organization has a transaction or arrangement, or
- c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which PCOGS is negotiating a transaction or arrangement.

Article III
Procedures

1. Duty to Disclose

2. Determining Whether a Conflict of Interest Exists

After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.

3. Procedures for Addressing the Conflict of Interest

- b. The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
- c. After exercising due diligence, the governing board or committee shall determine whether PCOGS can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
- d. If a more advantageous transaction or arrangement is not reasonably possible under the circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in PCOGS best interest, for its own benefit, and whether it is fair and reasonable. In conformity with the above determination it shall make its decision as to whether to enter into the transaction or agreement.

4. Violations of the Conflicts of Interest Policy

- a. If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.
- b. If, after hearing the member's response and after making further investigations warranted by the circumstances, the governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

Article IV **Records of Proceedings**

The minutes of the governing board and all committees with board delegated powers shall contain:

- a. The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board's or committee's decision as to whether a conflict of interest in fact existed.
- b. The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transactions or arrangement, and a record of any votes taken in connection with the proceedings.

- b. Has read and understands the policy,
- c. Has agreed to comply with the policy, and
- d. Understands the Organization is charitable and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

- a. Whether compensation arrangements and benefits are reasonable, based on competent survey information and the result of arm's length bargaining.
- b. Whether partnerships, joint ventures, and arrangements with management organizations conform to the Organization's written policies, are properly recorded, reflect reasonable investments or payments for goods and services, further charitable purposes and do not result in inurement, impermissible private benefit or in an excess benefit transaction.

Article VIII
Use of Outside Experts

When conducting the periodic reviews as provided for Article VII, the Organization may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted.

SEXUAL HARASSMENT POLICY

It is the policy of the Pacific Coast Obstetrical and Gynecological Society that the workplace, meetings, and society activities are conducted in an environment free from sexual harassment. This policy applies to all attendees at Society activities, including members, speakers, students, guests, staff, contractors, exhibitors, and volunteers. The Pacific Coast Obstetrical and Gynecological Society strongly disapproves of offensive or inappropriate sexual behavior and participants must avoid any action or conduct which could be viewed as sexual harassment. Sexual harassment is defined by the Equal Employment Opportunity Commission (EEOC) as any unwelcome sexual advance, request for sexual favors, or other verbal or physical conduct of a sexual nature, when: (1) submission to the harassment is made either explicitly or implicitly a term or condition of employment or membership ; (2) submission to or rejection of the harassment is used as the basis for employment or membership decisions affecting the individual; or (3) the harassment has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment.

Any employee or Society participant who has a complaint of sexual harassment by anyone, should first clearly inform the harasser that his/her behavior is offensive or unwelcome and request that the behavior stop. The Society strongly urges reporting of all incidents of harassment, regardless of the offender's identity or position by contacting the Caucus Chair and/or a member of the Board of Directors, who can be reached at (contact members only site at www.pocgs.org). If deemed necessary by those experiencing harassment, the Board of Directors/Caucus chair will assist in contacting convention center/hotel/venue security or local law enforcement. He or she is not required or expected to discuss the concern with the alleged offender. All complaints will be treated seriously and be investigated promptly. Confidentiality will be honored to the extent permitted as long as the rights of others are not compromised.

If the Caucus Chair and or Board Member knows of an incident of sexual harassment, they shall take appropriate remedial action immediately. If the alleged harassment involves any types of threats of physical harm to the victim, the alleged harasser may be immediately suspended or expelled from the Society. All complaints will be investigated by the Pacific Coast Obstetrical and Gynecological Society Board of Directors. The Board of Directors will name an impartial investigator, usually a Society Officer or Caucus member. Any named investigator who believes they have a conflict of interest should not serve as an investigator. In most cases, the complainant will be interviewed first and the written complaint reviewed. If the complainant has not already filed a formal complaint, he or she should be asked to do so. The details of the complaint should be explained to the alleged offender by the investigator. The alleged offender should be given a reasonable chance to respond to the evidence of the complainant and to bring his or her own evidence. If the facts are in dispute, further investigatory steps may include interviewing those named as witnesses. If, for any reason, the investigator is in doubt about whether or how to continue, he or she will seek appropriate counsel. When the investigation is complete, the investigator should report the findings to the Board of Directors. If the investigation supports charges of sexual harassment by the Board of Directors, disciplinary action against the alleged harasser will take place and may include suspension, expulsion, or other disciplinary actions. If the investigation reveals that the charges were brought falsely and with malicious intent, the charging party may be subject to disciplinary action, including termination or expulsion by the Board of Directors.
